Letter of Reference

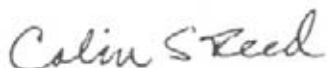

We are pleased to provide this letter of reference for Boretta Construction Ltd. as general contractor for the Concordia Hospital Expansion Phase II project.

We have been pleased with the work provided by Boretta Construction on this project, which involves a two storey addition to house sixty extended treatment care beds, physio and occupational therapy departments and a day hospital. Extensive renovations of the pharmacy, food services and other areas in the existing hospital were also part of the contract.

We were particularly pleased with the expertise, knowledge and cooperation brought to the job by your field staff, Mr. Cornie Kornelson and Mr. Bill Goode.

The result has been a successful and significant project.

Yours truly,

Colin S. Reed, M.Arch., MRAIC, MAA
Project Coordinator
Associate
